

USB 2.0 Cat. Extender 50M

Power Over Cable

LAN-0216 USB 2.0 Cat. Extender 1-Port, POC

LAN-0215 USB 2.0 Cat. Extender 2-Port, POC

This USB 2.0 Extender Kit is a one or two port USB 2.0 extension solution with the ability to connect USB 2.0 and 1.1 devices. The Receiver Unit allows the connections of up to 1 or 2 USB devices, providing the access to webcams, hard drives, printers, scanners, cameras and so on.

The USB 2.0 Cat. Extender provides true USB 2.0 extension at up to 480Mbps over Cat.5 cable or higher, a true plug-and-play solution without the need of additional software drivers.

The compact size and integrated wall mounting enable space-saving installation.

LAN-0216

LAN-0215
